United States History II

Prerequisites

None

Course Description

Surveys United States history from its beginning to the present. Part II of II.

Students will demonstrate a satisfactory understanding of major social, economic, military and political events in U.S. history after the Civil War, with an emphasis on critical thinking about causes and consequences (why) more so than recall of who; what, when and where. Proficiency levels appropriate for freshman/sophomore level college history are defined and determined by professional history instructors for each class.
