

Revised: Fall 2016

HIS 102

History of Western Civilization II

COURSE OUTLINE

Prerequisites: None

Course Description:

Examines the development of western civilization from ancient times to the present. The first semester ends with the seventeenth century; the second semester continues through modern times. Course may be taken out of sequence.

This course introduces western civilization history from the Renaissance to the modern era. Students will analyze significant political, socioeconomic, and cultural developments in the modern western civilization.

Students will be introduced to useful skills for historical analysis and interpretation. Students will strengthen skills in interdisciplinary studies and global awareness.

Semester Credits: 3 Lecture Hours: 3
