## **Course Outcomes**

**At the completion of this course, the student should be able to:**

- Identify the leading ideas that have permeated Western Culture since ancient times.
- Experience the work of great authors so that they can discuss ideas and periods specifically, not only in general terms.
- Discuss the outstanding literary works of other cultures.
- Define literary forms such as epic, drama, lyric, etc. so that all aspects of learning, meaning and forms for expressions of meaning are cultivated.
- Recognize the social, economic, religious, and political structures of the countries in which the works were written.
- Interpret and understand any written form of art.
- Construct criteria for evaluating literature.
- Relate past experiences, as depicted in literature, to contemporary ones
- Understand the current world environment through literary works from around the world.
- Critically appraise any contemporary literary form from any culture and any perspective.
