^{*}Students can choose to prepare for a job as an EMT-Basic with the EMS courses or for a job in a medical office with the HIM courses

^{**}MTE classes are developmental courses. Students may place out of these classes based on various measures, including high school GPA, standardized test scores, or placement testing.

^{***}Students who complete a high school chemistry with lab (or the equivalent) with a grade of "C" or higher are waived from this requirement. The chemistry requirement is necessary to meet the admission guidelines for the AAS Dental Hygiene, but is not necessary to complete this career studies certificate.
