Students will need a computer capable of accessing Canvas through the VWCC system. Students are required to use Canvas for this course.

Students who wish to take tests on a home computer will need to download free “Respondus Monitor” software, per course instructions.

VWCC AND DISCIPLINE SPECIFIC OUTCOMES

At the completion of this course, the student should be able to:

- Explain the differences between civil and criminal law
- Define the term crime and the theories of punishment associated with it
- Identify the types of searches that can be conducted without a warrant
- Understand Fifth, Sixth, and Eighth Amendment rights

- Discuss the actus reus and mens rea requirements of a crime, and explain the importance of proving each element of a particular law
- Identify the elements of each type of homicide and their differences
- Discuss the elements of various crimes against the person
- Identify and distinguish among the different types of crimes involving property
- Differentiate the various crimes against habitation, such as burglary, trespass, arson, and mischief
- Explain the elements of the crime of complicity, and discuss the role of accomplice
- Define inchoate crimes and explain the crime of attempt
- Identify the different defenses available to criminal defendants and apply them to various factual scenarios
- Identify common crimes against the state, public order, and morality
- Discuss various criminal procedures prior to trial, such as arrest and plea bargaining, and recognize the various types of pretrial motions
- Understand the steps and procedures necessary to the workings of a criminal trial
- Identify the goals of sentencing, and explain post-trial procedures and appeals
